EXPERIENCE

Mobile Developer • BLAISE TRANSIT • **June 2022 - July 2023**
  * Successfully led codebase development for Blaise Drive app, significantly improving code health & scalability for team; UI/UX for bus drivers
  * Played a vital part in company's conversion to TypeScript, leading to reduced bugs and improved code maintainability across applications
  * Actively served as SRE, participating in weekly on-call rotations to maintain app stability and swiftly resolve operational issues
  * Constantly participated in code reviews and feedback sessions, fostering a strong development team committed to best practices

Mobile Developer • THE PRODUCT SHOP • **January 2021 - 2022**
  * Ensured performant operation as codebase lead for mobile POS app built in React Native, with Android Native Modules
  * Integrated SDK for Bluetooth card reader, facilitating sales with secure and reliable transactions
  * Implemented a custom background sync service using GraphQL and WatermelonDB for seamless offline experience

Frontend Developer • SID LEE • **August - November, 2020**
  * Played a key role in The Support Team, effectively identifying and resolving bugs in a timely fashion
  * Collaborated on team projects, applying Agile methodologies and version control with Git for efficient development

Web Developer Student • THE APP BREWERY CO. • **2020**
  * Acquired practical skills in frontend technologies such as HTML, CSS, JavaScript, and React
  * Grained proficiency in back-end development using Node.js and Express, along with database management in SQL and NoSQL

Frontend Developer • SELF-EMPLOYED • **2018 - 2020**
  * Implemented desired site functionality for multiple clients, resulting in increased user engagement
  * Demonstrated expertise in dynamic content management systems, facilitating effortless content updates and management

Unit Clerk • ALBERTA HEALTH SERVICES • **2009-2019**
  * Demonstrated exceptional management for clinics' day-to-day administrative needs in a fast-paced and ever changing environment
  * Improved onboarding and patient registration times by training new staff and creating comprehensive reference materials for their use

AWARDS & RECOGNITION

Because You Care Award • **2012**
Recognition of exemplary service to patients and staff

Alberta Health Services Dedication Award • **2019**
Career milestone for ten years of loyal service to AHS
